

The Five Love Languages with a Twist!

April 26 , 6–8 p.m.

In the Harlan Cafeteria

The 5 Love Languages of Teenagers by Gary Chapman is a valuable tool for analyzing a teen's (and your own) love language and expressing your affections in an effective way. Join us for a night filled with a mix of information, discussion, and painting! Parents feel free to bring your teen with you as they will benefit from this information as well.

Please R.S.V.P. early using the QR code or link below by April 25, 2018 to ensure we have enough supplies for everyone. We expect our available spots to fill up quickly!
